

# Your In-Office Dispensing Setup Guide

1

## Licenses & Compliance

We guide you through the process of obtaining the required physicians licenses and ensuring state compliance.

2

## Medication Ordering

We facilitate ordering through our trusted licensed repackager to ensure quality medications at competitive pricing.

3

## Inventory Optimization

We help you build and maintain the right inventory based on your practice's needs.

4

## Software Implementation

We set up user friendly software and integrate it into your workflow for seamless management and reporting.

5

## Workflow & Dispensing Integration

We provide direction and training to help your team confidently dispense and manage medications in-office.

6

## You're Ready to Go

Everything is in place. You're compliant, efficient, and ready to care for your patients.

**We give direction.**  
**You stay in control.**

- ✓ We handle the setup
- ✓ We provide expert guidance
- ✓ You focus on patient care
